Helpful Hints

Check your skates for smooth operation. If they do not feel comfortable, bring them to us for adjustment.

When using rentals, please be sure to tuck in your laces and buckle up roller blades. Greatly appreciated!! THANKS!! :)

Pictured Left: Butch working the counter and assisting customers. Butch is a long-time expert skater and knows the different types of wheels.

When shopping for roller skates or roller blades, consider the type of wheels. Some wheels are made of hard plastic and do not perform well on hard wood floors. These can be slippery and hazardous. A good wheel for indoor use is made from urethane. There are many different wheels for various uses.

We know skates and glad to help find the right skate for you!

Where Good Skaters Meet

Rollodrome is the place for all your roller skating needs. We have been a part of the growing community in Auburn-Lewiston area since 1947, first as a state-of-the-art bowling alley. And then in June 1954 becoming a roller skating rink, founded by Alice Mailhot, the original owner, and her son Donald Larrivee, and other family partners.

Those same great family values are still in place today, as Rollodrome continues to bring the best in affordable family recreation. Roller skating is fun for people of all ages, and we welcome you to stop by, or check out our website: www.rollodrome.com

Also find us on Facebook, Twitter, and YouTube!

See Us on the Web!

The Rollodrome website is a great place to learn about our latest news and events. We will keep you posted with schedule changes or items of special interest. And we are always uploading new photos & videos. We also now have available Rollodrome wallpaper for your computer or handheld device.

You can reach us anytime by logging on to our web-

site, or by calling one of the listed phone numbers.

We want to thank all our guest for your continued loyalty and support. It is our commitment to bring you the best in affordable family entertainment. And we are here to help, if you have questions.
